## BE YOUR OWN REMARKABLE...

## School Profile 2019-2020

HONESTAS ANTE HONORES

### The English Schools Foundation

The English Schools Foundation (ESF) was founded in 1967 by the Hong Kong Government to provide a "modern liberal education" through the medium of English. The Foundation continues to expand and now educates over 12,000 students of over 50 different nationalities. There are nine primary schools for Years (grades) 1-6 and five secondary schools for Years 7-13. 95% of ESF students take up university education following their schooling in Hong Kong.

ESF also has two all-through schools that offer the International Baccalaureate MYP in Years 7 to 9, and IB Diploma in Y12-13.

### King George V School

King George V School predates the establishment of the ESF and is in fact over 100 years old. It is an international non-selective secondary school of over 1,800 students between the ages of 11 and 18. Founded in 1902, KGV School joined the ESF in 1979 and remains to-date as the largest secondary school in the Foundation, offering affordable education through the medium of English. It is open to children of all backgrounds who are residents in Hong Kong. There are no entry requirements. The school employs over 120 teaching staff, trained mainly in the U.K., Australia, Canada, U.S.A. and Hong Kong.

Our **Purpose** is to be 'Be your own remarkable...' and our **Vision** is to create a 'school for one'. A place where each and every person engages in remarkable learning to achieve at high levels and be the best they can be. As an agile school, we collaborate and innovate to make a difference in the communities we serve and lead.

Our KGV Lion Values are **Honesty** – we are truthful, respectful, fair and authentic, **Courage** – we are brave, bold and do what is right and **Resilience** – we are all learners and never give up.

### Co-curriculum

Students are offered many different opportunities to enhance their learning and take their experiences outside the classroom. All KGV students commit to an activity during Challenge Week. Year 8-13 can choose between local and overseas ventures. Senior students can also pursue a leadership role with younger students based locally. Students in Year 12 and 13 complete community service programmes and can arrange a two-week work experience placement for themselves. The House System offers an excellent avenue for our talented athletes, musicians, debaters and artists to compete and represent their Houses. King George V School does not provide GPA or rank students.

### Year 7-9 Curriculum

Year 7-9 students study the International Baccalaureate Middle Years Programme (MYP) for three years. The MYP builds upon the knowledge, skills and attitudes developed in the IB Primary Years Programme (PYP) and prepares students to meet future academic challenges, including IGCSE, BTEC and the IB Diploma Programme (IBDP). Teaching and learning in the MYP is framed by inquiry, action and reflection. Students are taught by subject specialist across eight learning areas to enable them to engage in purposeful inquiry in a robust academic setting.

### Year 10 and 11 Curriculum

Year 10 and 11 students follow a two-year cycle of study in which they prepare for the General Certificate of Secondary Education (GCSE) or International GCSE (IGCSE) examinations. The results of these examinations are graded from A\* to G / 9 to 1. With a core of Mathematics, English Language and Literature, Double Science Award, and a Foreign Language (French, Spanish, German, Chinese), students then opt for subjects from Humanities, Performing Arts, Design & Technology and P.E.

## Year 12 and 13 Curriculum

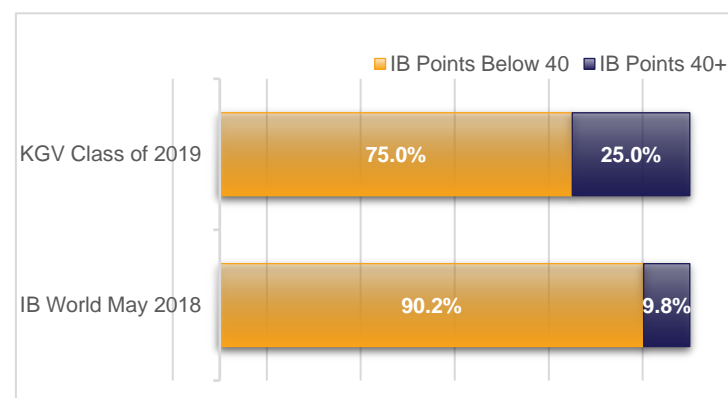

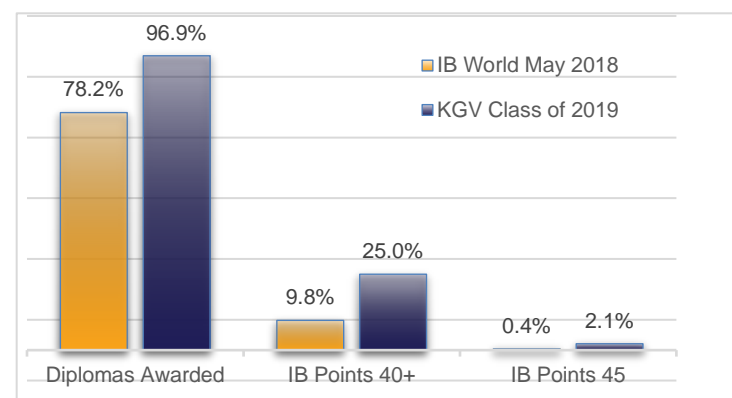

Students work toward either the International Baccalaureate (IB) Diploma or the British Business and Technology Education Council (BTEC) Diploma (Level 3). Students have a number of courses to choose from and will select according to their future career/education aspirations. They sit examinations at the end of Year 13 and are not awarded mid-year grades. At the end of Year 13, approximately 90% of students go on to study in many parts of the world. The balance typically takes a gap year, employment or military service.

## International Baccalaureate

Students taking the IB Diploma choose six subjects to study, normally three at Higher Level and three at Standard Level. The maximum score awarded for the IB Diploma is 45 points. Each subject is awarded a maximum of 7 points, and there are a maximum of 3 further points available for Theory of Knowledge (ToK) and Extended Essay (EE). Students also have to complete a CAS (Creativity, Action and Service) programme. A number of students also choose to take the Bilingual IB Diploma.

## BTEC Pathway

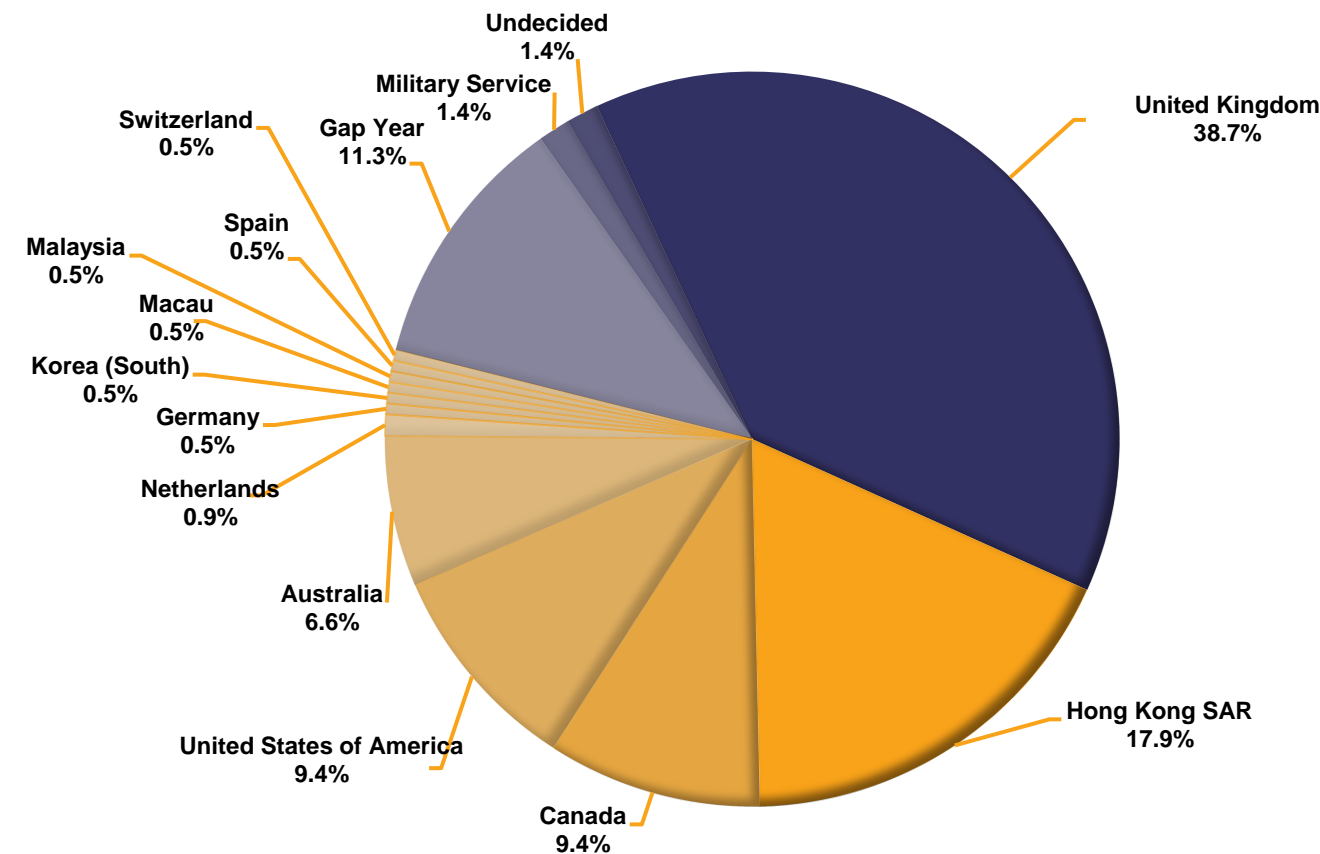

Students taking the BTEC pathway follow a career-oriented applied learning pathway and work towards a full Extended Diploma (18 units) or Diploma (12 units) and a Subsidiary Diploma (6 units) at Level 3. They can complement their studies with IB certificate by studying up to two subjects at Standard Level & Creativity, Activity, Service (CAS). The grading for BTEC qualifications is Distinction (D), Merit (M), Pass (P), with D\* awarded for exceptional performance. Students have access to a wide range of university options worldwide. We offer BTEC courses at Level 3 in Art & Design, Business, Media, and Sports. We also offer a range of Level 2 courses in ICT and Cooking.
